Dear Mr. Daniels:

This letter is to inform you that Martin Marietta has been granted approval from the EPA to construct the cement plant near Leamington. We are proceeding with quarry development as of this date.

We do not have the State mining permit as of this date. From your letter dated February 28, 1980 the Board has approved the mining and reclamation plan and the use of the Forest Service Bond. An agreement with the Forest Service at the earliest possible date will be appreciated.

We at Martin Marietta look forward to working with you in the future. If there are any questions or concerns please let me know immediately.

Sincerely yours,

MARTIN MARIETTA CEMENT
